What is Sales Tax?

Sales tax is imposed on the retail sale of tangible personal property and certain services are subject to sales tax unless otherwise excluded or there is a specific statutory exemption. Sales tax is applicable on all retail sales made from a location within the state of Missouri. Persons making retail sales collect the sales tax from the purchaser and remit it to the Department of Revenue.

A business must obtain a sales tax license by registering with the Department of Revenue if it's making sales of tangible personal property and taxable services (such as telephone). To register a business, submit a Missouri Tax Registration Application (Form 2643). A business making retail sales must post a bond equal to three times the average monthly sales and use tax. All holders of Missouri Retail Sales Tax Licenses must file a sales tax return either; monthly, quarterly or annually depending upon the amount of state sales tax due.

All holders of Missouri Retail Sales Tax Licenses must file a sales tax return, either monthly, quarterly or annually, depending upon the amount of state sales tax due.

The Department mails preprinted returns to businesses required to collect and remit sales tax. If you have misplaced your preprinted return, download and print a Form 53-1 from our website at www.dor.mo.gov/sales/forms or you may call our Forms Request Line at 800-877-6881.

The state sales tax rate is 4.225%. Cities, counties and certain districts may also impose local sales taxes. The rate of tax sellers collect from the purchaser depends on the combined state and local rate at the location of the seller. The state and local sales taxes are remitted together to the Department of Revenue. Once the seller remits sales tax to the department, the department then distributes the local sales taxes remitted by the sellers to the cities, counties and districts.

Zero Returns

Every business registered for sales tax is required to file a return even though no sales/purchases were made during the period covered by the return.

You can submit your zero return by mail to Missouri Department of Revenue, Taxation Bureau P.O. Box 840 Jefferson City, MO 65105-0840.

A zero return can also be submitted online at <https://dors.mo.gov/tax/zerortn/zerortn.jsp>

Failure to file a return for each period may result in estimated assessments, revocation of your license and lien(s) filed against your property.

Amended Returns

A special form is not needed to file an amended or an additional return. A copy of the original form may be used or a blank return. Indicate additional or amended by checking the box marked amended or additional return and writing the words "AMENDED RETURN" in bold on the top of the return.

Negative use tax returns cannot be filed. When the credits allowed are greater than the tax collected, an amended return must be filed for the period in which the sales were actually filed.

Below are a few examples of when an amended return is required:

- The incorrect amounts were filed on the original return and you need to make corrections.
- You received an exemption certificate after the return was filed and need to adjust the original return
- The wrong type of return was filed. Reported as original as sales tax and should have been reported as use tax.

Filing Frequency and Due Dates

State taxes collected of \$500 or more per month must be reported on a monthly basis. Monthly returns are due the 20th of the following month for the first two months of calendar quarter, except on quarter ending months. On quarter ending months the return is due the last day of the following month.

State taxes collected above \$45 per quarter but less than \$500 per month must be reported on a quarterly basis. The quarters are as follows: January through March, April through June, July through September, and October through December. Quarterly returns are due the last day of the month following the end of the quarter.

State taxes collected less than \$45 per quarter should be filed on an annual basis. Annual returns are due on or before January 31 of the following year. The following chart illustrates the due dates for each filing frequency.

	MONTHLY	QUARTERLY	ANNUAL
JANUARY	20-Feb

If a metered postmark differs from the U.S. Postal Service postmark, the U.S. Postal Service postmark will be used as evidence of timely filing. See the example below:

Note: Number days late is counted from due date to postmark date. For example, if the due date is May 20 and the postmark date is May 25, the payment is 5 days late.

Example: Line 7 is \$500.00

(a) $\$500.00 \times .0001370 = .0685$

(b) $.0685 \times 5 \text{ days late} = \$.34$

\$.34 is interest for late payment.

If you are filing a preprinted return furnished by the Department, the codes are already printed in this column. If completing a non-preprinted return, enter the city, county and site code for each business location you are reporting. The city and county codes are located on the rate chart provided at www.dor.mo.gov/tax/business/sales/rates/

E Gross Receipts: Enter gross receipts from all sales of tangible personal property and taxable services that were made during the period for each business location. If none, enter "0" (zero).

F Adjustments: Make authorized adjustments for each location for which you are reporting sales. Indicate the "+" or "-" for the total adjustment claimed. This column is used to report any adjustment to gross receipts that may be a negative figure or a positive figure. A negative figure may be exempt sales. Positive adjustments are items that were purchased exempt, but subsequently used by the seller.

G Taxable Sales: Enter the amount of taxable sales for each business location. To determine this amount, use the following formula:

Gross receipts (+) or (-) Adjustments **must equal** taxable sales

H Rate: The percentage rate indicated in this column represents the combined state, education, conservation, parks and soils, and local sales tax rates. Tax rates for city reporting locations include the applicable local sales tax rate. If you are filing a non-preprinted return or adding a location to a pre-printed return, enter the correct rate for the business location. Sellers are responsible for collecting the correct local tax (where applicable) based on the location of their place of business. If you do not know the correct tax rate, access the following web site: www.dor.mo.gov/tax/business/sales/rates/ or contact the Department of Revenue, Taxation Division at (573) 751-2836.

I Amount of Tax: Multiply the taxable sales of each location by the tax rate indicated for that location and enter AMOUNT OF TAX due for each business location. Compute totals for each column on each page of the return.

See example on next page

Example:

Business Location	Code	Gross Receipts	Adjustments (INDICATE + OR -)	Taxable Sales	Rate (%)	Amount of Tax

J Totals (Page 1): Enter total gross receipts, adjustments, taxable sales and sales tax due for Page 1.

K Total (Additional Pages): Enter total gross receipts, adjustments, taxable sales and sales tax due for additional pages (if applicable).

L Line 1 - Total (All Pages): Enter total gross receipts, adjustments, taxable sales and sales tax due for all pages.

M Line 2 – Timely Payment Allowance: If you file your return and payment by the required due date, enter two percent (2%) of the amount shown on Line 1. If not paid by the due date or Line 1 is “zero”, leave blank.

N Line 3 – Total Sales Tax Due: Enter total sales tax due (Line 1 – Line 2). Example: \$500.00 - \$10.00 - \$490.00 tax due.

O Line 4 – Interest for Late Payment: If the tax due is not paid by the due date, multiply Line 3 by the daily interest rate. Then multiply this amount by the number of days late. Your sales tax return is considered timely if it is postmarked on or before the required due date. If a metered postmark differs from the U.S. Postal Service postmark, the U.S. Postal Service postmark will be used as evidence of timely filing. See the example below:

Note: Number days late is counted from due date to postmark date. For example, if the due date is May 20 and the postmark date is May 25, the payment is 5 days late.

Example: Line 3 is \$500.00

(e) $\$500.00 \times .0001370 = .0685$

(f) $.0685 \times 5 \text{ days late} = \$.34$

\$.34 is interest for late payment.

Access <http://dor.mo.gov/calculators/interest/> to help calculate the appropriate interest.

P Line 5 – Additions to Tax: For failure to pay sales tax on or before the due date, 5 percent of line 3. For failure to file sales tax on or before the due date, 5 percent of Line 3 for each month late up to a maximum of 25 percent (5 months late in filing = 25 percent)

Note: If additions to tax for failure to file applies, do not pay additions to tax for failure to pay.

Access <http://dor.mo.gov/calculators/interest/> to help calculate the appropriate interest.

For example, if a return due May 20 is filed any time between May 21 – June 20, the rate would be 5 percent; if filed any time between June 21 – July 20, the rate would be 10 percent; and so on, up to a maximum of 25 percent.

Example: Return is due May 20, but is filed (postmarked) June 10

Line 3 is \$500.00

$\$500.00 \times 5\% = \25.00

\$25.00 is the additions to tax.

Access <http://dor.mo.gov/calculators/interest/> to help calculate the appropriate additions.

Q Line 6 – Approved Credit: Enter on Line 6 any approved sales tax credit for which the Director of Revenue issued you an approved credit. Note: The director may at any time without prior notice apply the approved credit amount toward a delinquency.

You can also access the Online Credit Inquiry System to determine if an overpayment exists on your Missouri Tax Account by going to <http://dor.mo.gov/business/creditingquiry/>. You will need your Missouri Tax I.D. Number and PIN.
